

Information for parents

Did you know that pharmacies can now offer clinical appointments with medication available if required, for four clinical conditions particularly relevant to school age children?

-  **1** Earache (1 - 17 years)
-  **2** Infected insect bites (1+ years)
-  **3** Sore throat (5+ years)
-  **4** Impetigo (1+ years)

Visit your Pharmacy First

GP practices are busy and it can be difficult to get a same-day GP appointment. When your child is off sick from school with any of the above conditions, by **going straight to your local pharmacy** you can have a consultation with a trained clinical professional and receive advice and even medication if it is needed, meaning they could be on the road to recovery and back at school as soon as possible.
