

Times Tables Rockstars Day

Tuesday, 05 May 2026

Dear parents/carers,

Times tables are an essential part of our maths curriculum. Children begin learning their times tables in Year 1, by counting in 2s, 5s and 10s, and continue to apply their times tables knowledge to various different maths concepts through to Year 6. As you may be aware, children in Year 4 will also sit the Multiplication Tables Check in June.

In order to encourage participation in learning times tables, particularly through TTRockstars, we have organised a Times Tables Rockstars day on **Thursday 21st May** for pupils in Year 1 to Year 6. The day will be filled with various times tables activities including class vs. class battles, games and competitions! Children are encouraged to come dressed to school as a their favourite rockstar or popstar and there will be a prize for best costume.

We will also be running a Times Tables Rockstars competition over the half term break for our Year 4 pupils. There will be prizes for the children who complete the most minutes, with a £20 Smyths voucher going to the child in first place!

Times tables boosters will continue on a **Monday** after school until Monday 8th June for pupils in Year 4. If your child does not already attend the booster and you would like them to, or you have any further questions about supporting your child with times tables practice, please speak to your child's class teacher.

Thank you for your continued support.
